World Ready

An overview of all the opportunities and training available to Downe House Sixth Form girls to ensure they are ready for the real world.

Programme

From instilling a love of learning for its own sake to cultivating independence and resilience, a school exists to prepare its students for the life they will lead beyond it and to facilitate girls to achieve their full potential.

The World Ready Programme will help ensure our girls are as ready as possible for the challenges and opportunities that await them globally. The Higher Education Department in conjunction with other departments in the School and some external organisations offer this programme to girls in the Sixth Form.

It aims to equip girls with the knowledge and skills to embrace real world opportunities with confidence and humility.
